Usually Active List Much Neglected and Shrewd Evidence of Profit Taking.

NEW YORK, July 17.—The stock market sank another degree into duliness to-day, with somewhat ominous effect on speculative sentiment at times. The usually active list was much neglected, and showed evidence of selling to take profits, which suggested an effective obstacle to further advances in the price level. On any considerable recession in prices, however, there was a distinct subsidence of selling, the supply of stocks dropping to nominal proportions and the decline coming to a pause in spite of the light demand. Preliminary estimates of the week's currency movement give decisive evidence of the turning of the tide toward the interior. There has been a heavy increase in the shipments to the interior by the banks this week, while receipts have been correspondingly cut down.

Crop news was good, the official weather maps showing plentiful rainful in the Northwestern country, where the greatest anxiety has existed for lack of moisture. Rumors of special developments affecting individual stocks or groups were effective. The most conspicuous instance was the Gould railroads. An effort was made to create an impression that holdings acquired in these properties during the recent extreme depression have brought as the stocks in the group.

nave brought new Interests into Influence, with a resulting assurance of financial backing. Some of the bonds as well as the stocks in the group were favorably affected.

Bonds were firm; some of the convertible issues advanced smartly in company with their stocks. Total sales, par value, \$4,345,000. United States bonds were unchanged on call. The total sales of stocks to-day amounted to 381,000 shares.

NEW YORK, July 17.—Money on call asy; 1@1 1-2 per cent.; ruling rate, [1-4; closing bid, 1 1-4; offered at 1-4 per cent. Time loans a shade 1 1-4 per cent. Time loans a shade firmer; sixty days, 1 1-2@2 per cent., and ninety days, 2@2 1-4 per cent.; six months, 3 3-4 bid. Prime mercantile paper, 3 1-2@4 per cent. Sterling exchange steady, with actual business in bankers' bills at \$4.8705 for demand and at \$4.8515@\$4.8585 for sixty-day bills. Commercial bills, \$4.851-4@\$4.85 1-2. Bar silver, 53. Mexican dollars, 45.

COTTON MARKETS.

Ret was less active to day with fluctuations marrow and irregular, and the close steady, net unchanged to 2 mines lower. Sales were estimated at 100 000 like lower. Sales than expected and continued talk of probable crop damage in parts of the Eastern and Central belt through drought and high temperatures. Very little buying power devoloped, however, and after some early irregularity the market showed rather a sagging tendency, particularly in the late tradity, when there was some selling of October by brokers credited with operating for one of the leading Wall Street interests, and the close was at practically the lowest figure of the day. Much of the business was probably in the way of evening-up for over the week-end with none of the larget interests showing much aggressiveness, while cutside buying for long account was restricted by reports of free offerings for new cop shipment from the South, and the forerast for lower temperatures and scattering showers in Northern Alabama and Western sections of the belt. A private crop report issued during the day made the average condition \$6 against \$3.3 by the same authority at the end of the last month, but while this improvement was smaller than left of the day made the average condition from market. Southern spot markets officially reported were unchanged to 1-16c. lower. Por the week 2700 bales against 358 last week and 1,251 last year. To day's receipts at New York and at Houston 1,555 bales against 318 last year, and at Houston 1,555 bales against 318 last year, and at Houston 1,555 bales against 21 last year.

poration course of Albert O. Boschen, counsel for Charles Burkert, against John Charlton, of Charlottesville, and J. T. Abbott. of Manchester.

The suit is based on the following alleged grounds: That the building owned by Mr. Charlton and occupied by Mr. Abbott, fronts seven feet on Hull Street on property owned by the complainant, and that said building the ries are acute angle, until in the rear it encroaches seven feet on the property owned by Mr. Burkert.

The complainant states further, that, owing to the above circumstance he has for several months been provented from erecting a plumbing establishment and flats on his lot, for the realism of the property owned by Mr. Burkert.

The complainant states further, that, which premises it is alleged, stand partly on property owned by the complainant.

To Organize Bryan-Kera Club.

Considerable interest is being aroused in local Democratic circles over the proposed organization here of a Bryan-Kern Club.

Now that the nominees for each party have been regularly chosen and the Chicago and Denver party plat forms adopted the attention of old-line politicians is being turned to develop as the presidential election approaches.

In 1900 a Bryan Club was organized in Manchester which wenked earnestly and with telling results for the Demo-HALTIMORE, MD., July 17.—FLOUR— Unchanged, Wheat—Firmer; spot, contract, 9869 984c; do., No. 2 red, western, 9869 984c; southern on grade, 22695c. CONNER-STONE LAID FOR NEW HOPE BAPTIST CHURCH

[Special to The Times-Dispatch.]
BOYDTON, VA. July 17.—The laying of the corner-stone of New Hope Baptist Church, near Skipwith, took place to-day. The old ediftice, which was built many years ago, will be torn down, and in its place a new and modern structure will be erected. A number of the citizens from this place attended and greatly enjoyed the outling.

The Masonic fraternity conducted the ceremonies of the laying of the corner-stone.

The wild rumors current in the city and enthusiasm.

The wild rumors current in the city is and enthusiasm. The company that the property of the Passenger and Power Company that the Free Bridge might fall at any moment, was discussed in Manchester yesterday, even when it was announced in the property of the passenger and Power Company that the Free Bridge might fall at any moment, was discussed in Manchester yesterday, even when it was announced in the Bridge Commission, and his views and recommendations are received here as authoritative. Therefore, when he as devertises that no bids for bridge work will be received later than July 21st, with more than intimating that time is proclosus and repair work not only such as are already alarmed at the bridge situation is not practited, nor speculation stifled as to its safety. Engineer Isaacs states that certain treate beins are necessary to propose according to specifications now the specifications for the Company to reject any or all bids for the proposed work.

He offere, and that these specifications work well.
